ENERGY UNPLUGGED

DATA, DECARBONISATION AND DECENTRALISATION

SPONSORSHIP AND EXHIBITION OPPORTUNITIES

We're delighted to invite you to EECON 2026 – Energy Unplugged, EESA's flagship annual conference, taking place on 10–11 November 2026 at Brisbane's Royal International Convention Centre, Bowen Hills.

EECON 2026's theme, ENERGY UNPLUGGED: Data, Decarbonisation and Decentralisation, brings together industry leaders, innovators, and practitioners to explore the rapid transformation of Australia's electric energy landscape. Across the two-day program, attendees will dive into the latest advancements in emerging technologies that support a more sustainable, affordable, and a reliable energy future.

A key feature of EECON 2026 is its parallel technical streams, offering delegates the opportunity to tailor their experience to the topics most relevant to their interests and expertise. These streams will showcase presentations delivered by respected industry leaders, providing deep insights, real-world case studies, and forward-focused perspectives on the evolving electric energy ecosystem.

EECON 2026 also offers a valuable opportunity for professionals across the sector to connect face-to-face,

share knowledge, and explore both the challenges and the exciting opportunities shaping this new energy era. Our Sponsorship and Exhibition Program enables organisations to highlight their unique capabilities, technologies, and services directly to attendees who are actively driving Australia's energy transition.

During breaks and networking sessions, delegates will be able to engage with exhibitors, discover innovative solutions, and gain firsthand insight into products and services influencing the future of electric energy.

We look forward to welcoming you to EECON 2026 — an event designed to inspire discussion, spark collaboration, and accelerate progress across the industry.

Laurie Curro – EESA National President

Marcus Leaver – EESA Queensland Chapter Chair
